

Marketneeds

As the **CuteSAFE®** can combine many functions in one unit without any additional device, it has the widest range of applications. Especially if payment solutions are involved. Here are some examples of applications *:

CuteSAFE® POS:

- Delivery Services · Shops · Restaurants
- Field Services · Car Rentals · Hotels
- Gas Stations · Airlines

CuteSAFE® LOG:

- Taxi · Courier Services · Emergency
- Police · Mail and Parcel Services
- Medicals · Security (Airports etc.)
- Roadside Assistance · Tow Service

* the above list is showing some examples only.
It's not a complete list. There are many more applications possible.
